

QUALITY & ENVIRONMENTAL POLICY STATEMENT

We focus on consistently providing high quality specialised packaging to fully meet the requirements of our customers and to maintain the good reputation of the company within the industry. We design our specialised packaging with full consideration to our environmentally related activities, their impacts and we are committed to our compliance obligations.

We are dedicated to our Business Management System and our ongoing programme of identifying risks and creating opportunities and making improvements to it. This includes ongoing reviews of business policies, objectives and targets.

We consider it is important to develop strong relationships with Customers, Employees, Suppliers and the Local Community to the mutual benefit of all. We aim to recruit employees locally and offer continuous development with the opportunity of internal promotion.
